ry SaltAir™ RISK FREE for 30 days! Saltair is an ultrasonic air salinizer that replicates the environment of natural salt mines in the comfort of your home. Unlike medication, SaltAir has no side effects and long-term usage is beneficial. Long term usage offers extended exposure to salt aerosols essential in chronic respiratory conditions, and contributes to improved lung function and quality of life. SaltAir can be used at any time, at home and at work, even when traveling. Buy Now
