Elevating Roof
Systems

£2299

Our elevating roof systems come as standard in black gloss or white gel coat which

can be sprayed to match your van.

Each roof comes with :

- Roof lining fully carpeted

- Full strengthening frame

- Pull down handles with lock straps

- No external bolts or nuts

- High lift rear scissor hinges and gas struts (which provide extra height compared

with that of other similar elevating roof systems).

- Range of canvas colours (black and charcoal are standard)

- 24 month Full parts warranty

The canvas provided is high-quality marine grade that is fully breathable, has V.U

colour protection so giving many years of that fresh new look and is 100%

waterproof , including 'blackout' blind over the PVC front window with a top vent

strip to prevent condensation build up and two 'blackout' blind over the side

windows with fly screens.

Optional extras include:

- Full scenic /Panoramic openable tent canvas in a choice of colours £200

- Elevating bed system with gas rams £300

- Trimming of pop top framework £120

- ~~LED lights x 5 fitted along internal framework + Reading light / USB charger in~~

roof section £150

100 watt Semi flex solar panel fully fitted with control unit £375Our Conversion

Services Insulation & Carpeting

We can offer tailored insulation, ply lining and carpet fitting to suit whatever your needs.

We use sound deadening, double foil insulation, dacron/polyester wadding and vapor barrier to create the perfect triple layer insulation for your campervan, leaving a quieter and warmer campervan.

We can also offer full ply lining and carpeting for your campervan using the stretchable carpet fabric to ensure no wrinkles or overlapping.

SWB Triple layer Insulation, ply lining & carpeting (Including side, roof and door panels) - £650

LWB Triple layer Insulation, ply lining & carpeting (Including side, roof and door panels) - £725

Prices may vary subject to van design and additional requests so please contact us for more informationPrivacy Glass Fitting

We offer a privacy glass fitting service for your T5/T6, with windows to fit the sides and rear of your vehicle. Offering better driving visibility while maintaining your privacy, the glass we fit is stained glass and NOT a tinting film, giving 20% visibility and offering the perfect compromise between privacy and light. All internal edges are finished with black U-Trim offering a professional and stylish finish for your vehicle.

Side windows are available with the option of fixed or opening sliders.Prices:
