

Remedy Plumbing And Heating

64 Terlings Avenue
Gilston CM20 2FP
United Kingdom

Phone: 07738 764268

Remedy Plumbing & Heating is a well-established plumbing and heating company based in Harlow, Essex. Known for its dependable and friendly service, the business serves homeowners and landlords across Essex and the surrounding areas. With years of industry experience, Remedy Plumbing & Heating delivers everything from emergency call-outs to full system installations with professionalism and care. The team takes pride in offering prompt response times and transparent communication, ensuring every customer feels confident in the service they receive. The company provides a wide range of services to meet both domestic and commercial needs. These include boiler installations, servicing, and repairs, as well

as complete bathroom renovations and general plumbing work such as leak detection, tap replacements, and blocked pipe solutions. Remedy Plumbing & Heating is also experienced in water softener installation and maintenance—an essential service for homes in hard water areas like Essex. All work is carried out to high standards using quality parts and materials. As a Gas Safe registered business, safety is at the core of everything Remedy Plumbing & Heating does. Whether it's installing a new boiler or conducting a landlord safety inspection, customers can trust the team to work in full compliance with current regulations. Regular boiler servicing and maintenance packages are available, helping to prevent breakdowns and prolong the lifespan of your heating system. The company also offers 24/7 emergency call-out services for urgent plumbing or heating issues, ensuring peace of mind when problems arise unexpectedly.
