At Zi Bodyshop, we have a team of fully trained and experienced engineers and mechanics, who regularly update and refresh their knowledge to ensure all of their work is completed to the highest standard. We pride ourselves on a professional approach to vehicle body repair. Our aim is to create and ensure a service that customers can rely on time and time again. A service that is simply unbeatable. For many of us, cars are an integral part of our everyday lives, so when something goes wrong we need a quick and reliable service to get you back on the road. Since we have been open we have acquired a large and loyal customer base, including both individuals and businesses requiring our services.
