Macks Solicitors was founded in 1995, initially as specialist Personal Injury lawyers, particularly serious, life-altering accident claims and related solicitors' negligence claims. We still have a thriving team of Personal Injury solicitors but as our reputation has grown, so has our strength and our breadth of legal services. Over the past 25 years we've brought together a truly exceptional team of lawyers, support staff and business professionals who, between them, have all of the skills, knowledge and experience necessary to provide a truly complete legal service. Our practice has expanded to include Wills and Probate, Family Law, Employment Law, and Residential Property Law. Website:
